

**The Ogden Avenue Parent Teacher Council is looking for local business partnerships within the LaGrange/LaGrange Park community**

The Ogden PTC believes a great education gives students the ability to think and act with empathy, courage and clarity as responsible citizens and leaders in a democratic society and global community.

Our mission is to enrich the school's educational and extracurricular activities with resources that supplement the limited funding allotted to Ogden Avenue School through the Public School System. Ogden Avenue School PTC is run by the parents & guardians of Ogden students.
